

# STATS SA

## STATISTICS SOUTH AFRICA

Stats SA provides scientific knowledge that enables society to understand complex socio-economic phenomena. It draws its mandate from the Statistics Act, 1999 (Act No 6 of 1999). Stats SA strives to excel in the following five competencies: • Intellectual capability to lead the scientific work of statistics • Technological competence for purposes of large-scale processing and for complex computations and accessibility of information to the public • Logistical competence for deployment of (forward and reverse) logistics of large-scale field operations and for strategic choices regarding operational efficiency and cost-effectiveness • Political competence in understanding the political environment without being political or politicised (commitment of delivery without fear of favour) • Administrative competence: The ability to bring it all together.

## Internship Opportunities (Ref. No. 01/01/17H0)

People with disabilities are encouraged to apply.
