Purpose of the survey
The quarterly financial statistics survey is a quarterly survey covering a sample of selected private and public enterprises operating in industries of the South African economy. Results of the survey are used to compile estimates of the Gross Domestic Product (GDP) and its components, which are used to monitor and develop government policy. These statistics are also used by the private sector in analyses of comparative business and industry performance. The results are published quarterly in statistical release P0044 – Quarterly financial statistics.

Collection authority
The information required is collected in terms of Section 16 of the Statistics Act, 1999 (Act No. 6 of 1999). Your co-operation is sought in completing and returning this questionnaire by the due date.

Confidentiality
According to Section 17 of the Statistics Act, 1999 (Act No. 6 of 1999), your completed questionnaire remains confidential to Statistics South Africa (Stats SA).

Due date
Please complete this questionnaire and return it in the business reply service envelope or fax it to Stats SA not later than three weeks after the end of the quarter concerned. Stats SA recommends that you retain a copy to consult in the event of a query.
