THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

INTRODUCTION

The principle of Industrial Participation (IP) became obligatory with effect from 1 September 1996. The IP policy and guidelines was fully endorsed by Cabinet on 30 April 1997. In essence this means that all state and parastatal purchases / lease contracts (goods, works and services) entered into after this date are subject to an IP obligation. **No contract will be awarded to a bidder if the latter has not satisfied the Industrial Participation requirement.**

1. PILLARS OF THE PROGRAMME

1.1 The IP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million will have an IP obligation. This threshold can be reached as follows:

- (i) Any single contract exceeding US \$10 million; or
- (ii) multiple contracts for the same products or services each exceeding US \$3 million awarded to one seller over a 2 year period which in total exceeds US \$10 million; or
- (iii) a contract with a renewable option clause, where should the option be exercised the total value will exceed US \$10 million.

1.2. The obligation will amount to 30 % of the imported content. That is, if the imported content is \$10 million, the obligation will amount to \$3 million. IP arrangements to satisfy the obligation include investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and Research and Development (R&D) collaboration, that can be negotiated with partners or suppliers.

1.3. A period of seven years has been identified as the time frame in which to discharge the obligation.

1.4. IP is obligatory and therefore must be addressed.

2. Requirements of the Department of Trade and Industry

2.1 To enable the Department of Trade and Industry to determine whether the total amount of various contracts awarded by the relevant organs of State to a specific contractor, exceeds the prescribed threshold of US \$ 10 million, the accounting officer / authority must obtain clearance from the Department of Trade and Industry regarding the National Industrial Participation Programme prior to the award of any bid in excess of R10 million (**ten million rands**).

HOW TO SATISFY THE IP REQUIREMENTS

1. Bidders are advised to initiate discussions with the Department of Trade and Industry (Industrial Participation Secretariat) regarding business proposals.
2. Business proposals must reflect new or incremental economic activity that is to be to the mutual benefit of both the South African economy and to the bidder. Projects must be submitted to the Industrial Participation Secretariat for approval before implementation.
3. Conditional contracts, subject to winning the bid, are signed with all potential bidders. An agreement only becomes effective upon winning the bid. Only one contract will therefore become effective. This agreement is between the Industrial Participation Secretariat and the bidder and therefore does not involve the purchasing entity.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
