## Key findings

### Table 1: Contract price adjustment provisions (CPAP) work group indices

Noteworthy month-on-month changes in January 2026 were as follows:

Work group 132 – ironmongery: the index increased by 6,9%. There was a change of 8,8% in the PPI for locks and padlocks, clasps, keys and parts thereof of base metal (accounting for 78,0% of this group).

Work group 172 – refrigeration installations: the index increased by 3,0%, driven by the following changes:

- 6,9% in the SEIFSA index for metal price - copper - metric ton (accounting for 40,0% of this group); and
- 1,3% in the index for electrical engineering (accounting for 10,0% of this group).

Work group 162 – electrical reticulation: the index increased by 2,8%. There was a change of 6,5% in the SEIFSA index for copper 7.9 mm rod (accounting for 45,0% of this group).

Work group 190 – lump sum preliminaries: the index decreased by 1,3%, driven by the following changes:

- -7,4% in the PPI for diesel (accounting for 15,0% of this group); and
- -1,6% in the index for plant and equipment (accounting for 30,0% of this group).

Work group 120 – waterproofing: the index decreased by 1,4%. There was a change of -2,5% in the PPI for bituminous mixtures (accounting for 65,0% of this group).

Work group 125 – metal roofing (aluminium): the index decreased by 1,4%. There was a change of -1,6% in the SEIFSA index for aluminium products 99.7 EC grade rod (accounting for 90,0% of this group).

### Tables 2 and 3: Construction input price index (CIPI)

The annual change in the total construction index was 4,8% in January 2026. The index increased by 0,7% month-on-month.

The following indices recorded noteworthy month-on-month changes:

- electrical cable (5,6%);
- carpets (excluding mats and rugs) (5,4%);
- construction pipes, tubes and fittings (2,5%);
- construction tyres (2,2%);
- builders' carpentry of wood (-1,1%); and
- bituminous mixtures (-2,5%).

### Table 4: Mining and construction plant and equipment price indices

The annual change in the plant and equipment index was -1,2% in January 2026. The index decreased by 1,6% month-on-month.

### Table 5: Mechanical and electrical engineering input price indices

The annual change in the mechanical engineering index was 0,9% in January 2026. The index increased by 0,2% month-on-month.

The annual change in the electrical engineering index was 8,6% in January 2026. The index increased by 1,3% month-on-month.

**Table 6: Civil engineering material price indices**

The annual change in the total index for civil engineering material was 7,3% in January 2026. The index increased by 0,8% month-on-month.

**Risenga Maluleke**  
**Statistician-General**

## Detailed results

**Table 1 – Contract price adjustment provisions (CPAP) work group indices**

<b>Civil engineering material - roads, refurbishment (excluding bitumen)</b>	107,0	111,9	113,1	1,1	5,7
<b>Civil engineering material - roads, reseal</b>	100,6	98,2	97,1	-1,1	-3,5
<b>Civil engineering material - roads, reseal (excluding bitumen)</b>	106,5	112,3	113,5	1,1	6,6
<b>Civil engineering material - bulk earthworks</b>	104,9	109,7	110,5	0,7	5,3
<b>Civil engineering material - bulk earthworks (excluding bitumen)</b>	105,7	111,0	112,1	1,0	6,1

<sup>1</sup> The information in this table is published in conjunction with engineering associations SAFCEC and SAICE.

## Glossary

<b>Construction Input Price Indices (CIPI)</b>	The index reflects material purchases in the construction industry.
<b>Contract Price Adjustment Provisions (CPAP)</b>	The CPAP work group indices are used for making adjustments based on cost fluctuations in labour, plant and materials.
<b>Contract Price Adjustment Provisions Steering Committee</b>	The committee is the oversight structure for the Construction Price Adjustment Provisions published by Statistics South Africa (Stats SA) and includes representatives from the following industry associations and organisations: The Association of South African Quantity Surveyors (ASAQS), Electrical Contractors' Association (SA), Master Builders South Africa, South African Institute of Architects, Department of Public Works and Stats SA.
<b>CPAP manuals</b>	The updated CPAP manuals "CPAP Application Manual" and "CPAP Work Groups Composition and Weighting of Sub-Indices" are obtainable from ASAQS' website: <a href="http://www.asaqs.co.za">www.asaqs.co.za</a> – search for CPAP, or by phoning (012) 406 3304.
<b>Respondent response rate</b>	The respondent response rate for January 2026 was 94,7%. The rate was calculated using the total number of companies where prices were collected as a percentage of the total sample.
<b>Sources for CPAP</b>	The CPAP work group indices are derived from changes in the cost structures prevailing in 38 different work activities of the building industry. They are published by Stats SA monthly. The indices reported on in this publication are mainly based on a combination of PPI, SEIFSA and CPI indices for the particular month.
<b>Tax</b>	Value-added tax (VAT) is not included in these indices.
<b>Weights</b>	Weights are updated according to the availability of new information, as follows: <ul style="list-style-type: none"> <li>• Tables 1 and 6 are updated periodically in consultation with industry expert committees.</li> <li>• Tables 2, 3 and 5 are partially updated annually using Stats SA's supply and use tables, with effect from the January statistical release each year.</li> <li>• Table 4 is updated periodically using Stats SA's large sample survey for the manufacturing industry and SARS trade data.</li> <li>• Tables 2, 3, 4 and 5 are updated on a detailed level, using Stats SA's large sample surveys for the construction and manufacturing industries, approximately every three to four years.</li> </ul>
<b>Revised figures</b>	The SEIFSA data is continuously updated and therefore Stats SA allows for revisions of the CPAP work group indices. Revisions will be promptly indicated in relevant tables to maintain transparency and accuracy.

## Abbreviations

<b>CIPI</b>	Construction Input Price Indices
<b>CPAP</b>	Contract Price Adjustment Provisions
<b>CPI</b>	Consumer Price Index
<b>PPI</b>	Producer Price Index
<b>SAFCEC</b>	South African Forum of Civil Engineering Contractors
<b>SAICE</b>	South African Institution of Civil Engineering
<b>SARS</b>	South African Revenue Service
<b>SEIFSA</b>	Steel and Engineering Industries Federation of Southern Africa
<b>r</b>	Revised figures

## General information

Stats SA publishes approximately 300 different statistical releases each year. It is not economically viable to produce them in more than one of South Africa's 12 official languages. Since the releases are used extensively locally and by international economic and social-scientific communities, Stats SA releases are published in English only.

Stats SA has copyright on this publication. Users may apply the information as they wish, provided that they acknowledge Stats SA as the source of the basic data wherever they process, apply, utilise, publish or distribute the data; and also that they specify that the relevant application and analysis (where applicable) result from their own processing of the data.

## Advance release calendar

An advance release calendar is disseminated on [www.statssa.gov.za](http://www.statssa.gov.za).

## Forthcoming issues

Issue	Expected release date
February 2026	26 March 2026
March 2026	30 April 2026
April 2026	28 May 2026

## Stats SA products

A complete set of Stats SA publications is available at the Stats SA Library and the following libraries:

National Library of South Africa, Pretoria Division  
 National Library of South Africa, Cape Town Division  
 Natal Society Library, Pietermaritzburg  
 Library of Parliament, Cape Town  
 Bloemfontein Public Library  
 Johannesburg Public Library  
 Eastern Cape Library Services, Qonce  
 Central Regional Library, Polokwane  
 Central Reference Library, Mbombela  
 Central Reference Collection, Kimberley  
 Central Reference Library, Mmabatho

Stats SA also provides a subscription service.

## Electronic services

A large range of data are available via online services. For more details about our electronic data services, contact (012) 310 8600. You can visit us on the internet at: [www.statssa.gov.za](http://www.statssa.gov.za).
