

Note on revisions to regional GDP

15 March 2019

On 5th March 2019 Stats SA published fourth quarter GDP estimates as well as annual and regional value added estimates. Stats SA now publishes a correction for the mining and quarrying industry which resulted in revisions to the 2016 and 2017 estimates of regional GDP. It has no impact on the national estimates. The changes to the regional GDP estimates are shown below in Table 1.
