Department:
Statistics South Africa
REPUBLIC OF SOUTH AFRICA

BID SPECIFICATION FOR THE APPOINTMENT OF A PANEL OF SERVICE PROVIDERS IN AUDITING PROFESSION FOR A PERIOD OF THREE (3) YEARS TO ASSIST STATISTICS SOUTH AFRICA'S INTERNAL AUDIT CHIEF DIRECTORATE TO PERFORM INTERNAL AUDITS RELATING TO POPULATION CENSUS 2021 AS AND WHEN ASSISTANCE IS REQUIRED

1 AIM

To establish a panel of suitably qualified service providers from within the Auditing Profession to assist Statistics South Africa's (Stats SA) Internal Audit Chief Directorate to perform internal audits relating to Population Census 2021 as and when required.

2 BACKGROUND

2.1 Stats SA is responsible for the production and coordination of official and other statistics to assist organs of state, business and the public in evidence-based decisions for planning, policy development and measurement governed by the Statistics Act (Act No. 6 of 1999).

To achieve this, Stats SA performs surveys on a regular basis and amongst these are large scale surveys like Census and Community Surveys. Stats SA has a network of offices which includes Head Office in Pretoria, nine (9) Provincial Offices and fifty (56) District Offices across the country. Activities at these offices are performed within a framework of compliance with prescribed governance and control measures, processes and systems, which needs to be audited regularly in order to provide reasonable assurance on whether organisational objectives will be achieved.

2.2 The Population Census 2021 project is currently underway and it involves massive procurement, personnel deployment, logistics and administration, with huge potential for non-compliance of public sector governance rules and risk, therefore adequate assurance should be in place to ensure that the Population Census 2021 adheres to applicable prescripts, policies, procedures and guidelines based on ethics.

2.3 Internal Audit Chief Directorate was established in terms of section 38 of the Public Finance Management Act, 1999, within Stats SA. The mission of the Chief Directorate is to enhance and protect the organisational value by providing a risk-based and objective assurance, advice and insight. It helps Stats SA accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, controls and governance processes. The current compliment of Internal Audit Chief Directorate will not be able to perform all internal audit work related to population Census 2021 due to limited number of human resources and skills, and therefore will require, from time to time, additional assistance to ensure that the population Census 2021 internal audit three year rolling coverage plan is achieved and adequate assurance is provided.

2.4 Given the complexity and magnitude of the Population Census 2021, including the risk exposure associated with the project, additional resources are required beyond what the current Internal Audit capacity can offer. In light of the afore-mentioned, it is necessary to appoint a panel of suitable qualified service providers.
