

stats sa

Department:
Statistics South Africa
REPUBLIC OF SOUTH AFRICA

Stats SA provides scientific knowledge that enables society to understand complex socio-economic phenomena. It draws its mandate from the Statistics Act, 1999 (Act No 6 of 1999). Stats SA strives to excel in the following five competencies:

- Intellectual capability to lead the scientific work of statistics
- Technological competence for purposes of large-scale processing and for complex computations and accessibility of information to the public
- Logistical competence for deployment of (forward and reverse) logistics of large-scale field operations and for strategic choices regarding operational efficiency and cost-effectiveness
- Political competence in understanding the political environment without being political or Politicised (commitment of delivery without fear of favour)
- Administrative competence: The ability of bringing it all together.

Internship Opportunities

People with disabilities are encouraged to apply.
